Macmillan Cancer

Info / helpline 0808 80000

Pharmacy Project:

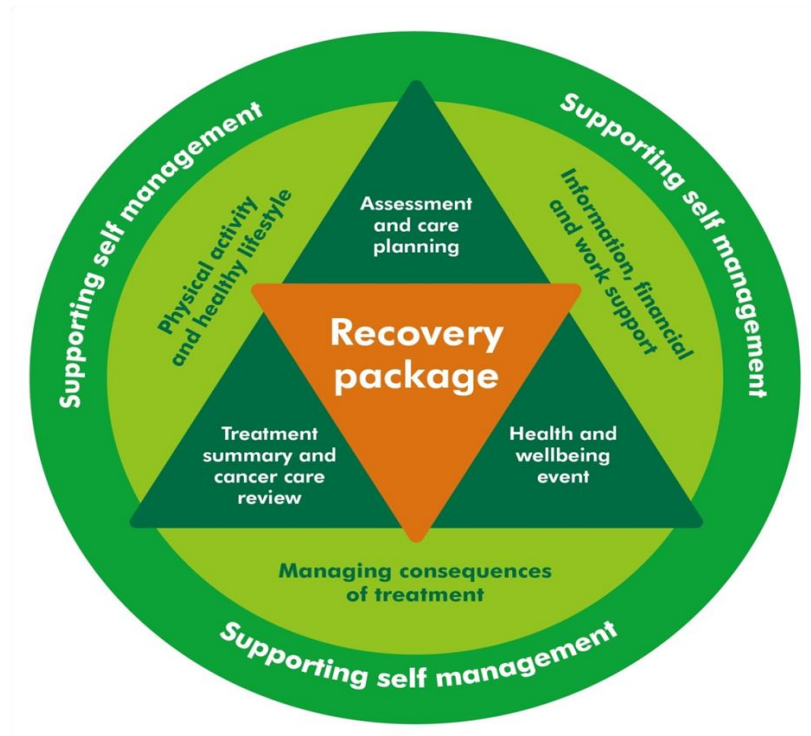

ACE programme - ACE seeks to develop the knowledge base on early diagnosis in order to identify and evaluate good practice, which can reduce system delays and improve early diagnosis of cancer. ACE supports the NHS outcome 'preventing people from dying prematurely'.

<https://www.macmillan.org.uk/about-us/health-professionals/programmes-and-services/ace-programme>

Recovery Package

The Recovery Package is part of an overall support and self-management package for people affected by cancer.

End of treatment Summaries

When a patient finishes their initial cancer treatment they will be given a copy of their 'End of Treatment Summary' which will include their diagnosis, treatment and ongoing treatment plan. There will be information on how they can re contact hospital teams. They can share their End of Treatment summary with their local pharmacist.

Other cancer resources available on the LPC site –

1. Red Flags – A quick reference guide
2. CRUK – Red Flag symptom chart
3. End of Treatment Summary draft example
4. Slide presentations from the Pharmacy educational event hosted by CRUK and Macmillan.

Further resources and future educational events / projects around cancer care will be posted on the LPC website.
